The natural choice at home 

## INSTRUCTIONS

1. Shake well and apply 30ml of cleaner to damp exfoliating glove or soft scrubber.
2. Gently scrub the leather surface in a circular motion, covering approximately 30cm areas at a time. it will take 1-2 minutes for the cleaner to activate.
3. Remove cleaner with a microfibre towel.
4. Wipe surface with clean damp towel, allow leather to dry and buff with soft dry towel.

\*Not suitable for nubuck or suede.

\*For stains, please have a professional leather cleaner clean your furniture.

\*Test first for colour fastness.

Keep out of reach of children
